is requested.

(Via Assistant Secretary)
Asst Secy
Insp. Genl.

Hon Secretary)
Ref? with compliments.

There is no general order waiving the payment of Estd Tools & Plant charges in respect of any classes of works, original or repairs, in District Boards or Municipalities. Exemptions are given in special cases only in respect of original works and not repairs.

There is however a general question of exempting the Dt Bds ~~from~~ and Municipalities from the payment of such charges in respect of all kinds of work. But no decision has yet been arrived at.

N O T E.

Charges for Establishment and Tools and Plant in respect of Muzrai works.

---:0:---

Vide Paras 137, 1885 P.W.Code. and Para 564, Mysore Public Works Manual.

The rule is that where the Public Works Department (which is provided out of State Funds) executes works for other - - Funds, both Establishment charges and Tool and Plant charges have to be borne by the latter unless exempted. Cases where fund are provided by contributions are dealt -- with lightly as regards the charges for -- establishment.

Part V. Appendix 10. Standing Order. Public Works Code.

2. The Government of India Rules accord special treatment as regards erection and repair of churches. The funds contributed, if any, are treated generally as augmentations of the State Funds and -- neither of the two kinds of charges mentio ed above is included in the estimates. - These special rules have no application to the Public Works Department of the State.

3. The Public Works Department her treat Muzrai works as contribution works and charge 10 per cent for Establishment and ½ per cent for Tools and Plant.

Vide definition in Civil Account Code, Article 266.

4. Now Muzrai Funds are not local funds in the sense that they comprise - - "revenues derived from special sources and devoted to special objects and not to the general purposes of the administration." For the most part they form the savings

from State cash grants and rents from --- State endowed lands. Again Muzrai funds cannot be called contributions, for contributions (from devotees) from a comparatively small portion of these savings. The Muzrai Department forms part of the General Administration and can not institute a --- "Fund" unless specially authorised to do so, e.g., General Muzrai Fund.

5. Viewed in this light, the reason for the present practice of levying the charges for Establishment and Tools and Plant in the case of Muzrai works - - - vanishes inasmuch as the funds are, Government Funds in which is merged a small proportion of private contributions. Construction and repair work of departments of the State, e.g., Police, Education, Medical, is carried out by the Public - - - Works Department without levy of the above charges. Only in the cases of the Village School Fund, the Municipal Funds and District Funds are these charges levied.

6. Exception has been particularly made in the Government of India Rules for churches, even when contributions find the funds, and State ownership is not recognized. The absence of similar rules providing for construction and repair of - - - places of worship in the State, indicates the necessity that exists for promulgation of such. Of course, as it is, recommendation is made in particular cases for exemption and generously sanctioned. But - - - general rules providing exemption in the

case of construction and repair of places of worship seem to be called for. Draft rules may be prepared in the Public Works Department and then examined by the Muzrai Department.

G.O.No.298-308/Muz.608-16-2 dated 22nd July 1918.

7. The permission recently accorded to the investment of savings of Muzrai institutions in the Government Savings --- Banks, goes to show that the institutions which depend mainly on Government grants, are considered deserving of concessions in the matter of their funds being conserved to as great an extent as possible.

Asst Secretary to Government,
Muzrai Department.

Bangalore,
14th April 1919.

HRR-2.

PUBLIC WORKS DEPARTMENT CODE.

VOLUME II.

1907.

--:o:--

Miscellaneous Regulations.

1885. When one Fund or one branch of the Department executes work for another, the charges for Establishment and Tools and Plant will be regulated under the following rules:--

I.-ESTABLISHMENT.-The charge will be calculated at the rate of 23 per cent on the outlay on works and repairs (excluding items named in clause IX) plus 5 per cent on the revenue realized from Civil or Military Works and 10 per cent on all direct --- revenue realized from Irrigation Works.

NOTE.-In the case of contribution works and works carried out for Local Funds and Municipalities the charge when levied will include 1½ per cent for Accounts establishment (which will be creditable to "18-General Administration") thus making the total charge leviable for establishment 23 per cent.

II.-SPECIAL REVENUE ESTABLISHMENT.-Where a separate Establishment is entertained for the collection and management of Irrigation revenue, the whole cost of that Establishment will be debited to the fund concerned instead of the 10 Per Cent charge referred to in the preceding clause.

III.-BARRACK DEPARTMENT.-The charge for establishment on the outlay on new supplies and repairs of barrack furniture will be at 10 Per Cent on outlay not --- supervised by special Barrack Establishment.

IV.-TOOLS AND PLANT.-The charge for the use of tools and plant will be calculated at the rate of 1½ Per --- Cent on the outlay on works and repairs, except in the case of Irrigation works for which Capital and Revenue accounts are kept where the actual cost of tools and plant supplied will be charged to those projects instead of the percentage rate.

V.-LOCAL FUNDS, MUNICIPALITIES AND CONTRIBUTION WORKS.-Local Governments and Administrations may relax the foregoing rules in the case of works carried out by Provincial Establishment out of Contributions and for Local Funds and Municipalities, but when the establishments executing the works are -- Imperial, the previous sanction of the Government of India should be obtained as laid down in para 137.

NOTE.-In cases in which a Local Government or Administration waives the recovery of charges for Establishment and Tools and Plant, under this rule, the accounts Establishment percentage of 1½ (see Note to rule 1) may be included in the remission without a reference to the Government of India.

VI.-STATE RAILWAY VOLUNTEER RIFLE CORPS.-The charges under the foregoing rules may be remitted in the case of works not exceeding Rs.500 in cost executed by the Engineering Department of a railway for ---

Volunteer Rifle Corps connected with State railways, provided that no additional establishment is entertained for such works.

VII.-DISTRIBUTION OF CHARGES WITHIN IMPERIAL BRANCHES OF A PROVINCE.-The distribution of charges for Establishment and Tools and Plant between the Imperial Buildings and Roads and Irrigation --- Branches should be regulated in accordance with the rules in clauses I to IV, except in Provinces where special arrangements have been sanctioned by the Government of India.

VIII.-DISTRIBUTION OF CHARGES WITHIN THE PROVINCIAL ----- BRANCHES OF A PROVINCE.-When the Establishments are Provincial, the Local Government or Administration may apportion the charges for Establishment and Tools and Plant between Civil and Irrigation Works, in such proportions as may be considered desirable.

IX.- ITEMS OF OUTLAY ON WHICH NO CHARGES FOR ESTABLISHMENT AND TOOLS AND PLANT ARE PERMISSIBLE.-Percentage charges for Establishment and Tools and Plant are only permissible in cases where actual work is done and not merely payments made. Such charges are therefore inadmissible in cases of expenditure of the following nature:-

(a) Special items in which the expenditure is incurred by other than departmental officers.

(b) Disbursements for the purchase of land, house property or furniture.

(c) Payments in England on account of stores, --- etc., and charges for exchange.

(d) Payments on account of compensation for quarters or sittings in churches and watchmen's wages.

(e) Generally payments involving no charges for supervision.

* * * * * * * * *

564. For this para substitute the following:--

"When the Provincial Fund executes work for other Funds, the charges for establishment and tools and plant will be regulated under the following rules.":--

(1) ESTABLISHMENT.- The charge will be calculated at the rate of 17½ per cent on the outlay on works and repairs excluding items named in Rule 5.

In the case of contribution works however the charge will be 10 per cent unless such works are specially exempted by Government from payment of this charge.

(2) TOOLS AND PLANT.-The charge for the use of tools and plant will be calculated at the rate of ½ per cent on the outlay on works and repairs.

(3) IMPERIAL CEMETERY WORK.--A rate of 25 per cent on outlay will be made for Imperial cemetery works to cover establishment and tools and plant charges.

(4) WORKS EXEMPTED FROM THIS LEVY.

1. Palace Fund works.

2. Raiyat's share of earth work executed by the department in accordance with the maintenance rules for tanks. This does not apply to inam and jodi tanks for which a charge of 10 per cent for establishment and ½ per cent for tools and plant will be made.

3. Irrigation Cess Fund works.

N O T E:-The charges on these accounts should however be shown as a grant-in-aid from State Fund to Irrigation Cess Fund and adjusted as follows:-

The State Fund should be relieved under Establishment and Tools and Plant to the extent of 18 per cent on the work outlay charged to Irrigation Cess Fund by debit to the latter fund under Establishment and --- Tools and Plant. The grant-in-aid which amounts to the same 18 per cent on the outlay on Irrigation Cess Fund works should be shown as a charge, under "State Fund-Repairs-Irrigation"- Major and Minor, in the --- proportion of expenditure on these two classes of --- works, by credit to "Irrigation Cess Fund Receipts."

(GOVERNMENT ORDER No.Fl.2592-4-G .F.43-15-2, dated 10th December 1915, AND COMPTROLLER'S CIRCULAR No.2 dated 22nd July 1916.)

(5) ITEMS OF OUTLAY ON WHICH NO CHARGES FOR ESTABLISHMENT AND TOOLS AND PLANT ARE PERMISSIBLE.-Percentage charges for establishment and tools and plant are only permissible in case where actual work is done and not merely payments made. Such charges are therefore inadmissible in cases of expenditure of the following nature:--

(a) Special items in which the expenditure is incurred by other than departmental officers,

(b) Disbursements for the purchase of land, house property or furniture.

(c) Generally payments involving no charges for supervision.

Part V.

~~RULE x xx Xxx State x charges xx for~~

Rules regulating grants for the building of churches; the supply of church furniture; and for the payment of compensation for accommodation provided for soldiers in --- churches neither belonging to, nor rented by, Government.

RULE 1-All State charges for churches (except those referred to in rule 21 (b)(2) which are debitable to "23-Ecclesiastical") in civil, military or State railway stations are provided from Public Works funds from the ordinary grant for Imperial Works under "45-Civil Works."

X X X X

RULE 21.-(a)(3) In dealing with cases of this nature, the private contribution is to be looked upon as an addition to the Government grant, instead of the money allowed from public funds being considered as a grant-in-aid of private contributions, and the responsibility of officers of the Public Works Department or Military Works Services with respect to the preparation of estimates, and the construction of such buildings with reference to excess of expenditure over the estimate, will be as strictly enforced as where only public funds are expended.

NOTE.- In the case of State Railways, the functions assigned in this and succeeding rules to the executive Engineer will devolve on the manager.

(b)(1) In special cases, however, the Government grant for a church may, with the sanction of the Government of India,, be treated as a grant-in-aid of private contributions raised for a church intended for the use of Government servants within the meaning of these rules or partly for the use of non-official residents or others for whom grants are

not admissible under these rules.

RULE 33.-All churches which are the property of Government shall be in charge of the executive engineer, and shall be repaired under the ordinary rules of the Public Works Department.

In every case in which any alteration in a church belonging to Government, which affects its structure or its permanent fittings, may be desired by the chaplain or other clergy, the executive eningeer must be consulted and his consent obtained in writing before the alteration is carried out.

the question of waiving the Estt.,
tools and plant charges for the work.

Order No. 1523-S / Misc 19.18-2 dy 18.11.17

Govt are of opinion that only in rare and exceptional cases where sufficient funds are not available at the credit of an institution to meet the P. W. Public Works Establishment charges &c., there may be justification for waiving the said charges, ~~and that there is no reason why it should be waived in the present case where the inst.n has more than sufficient funds to meet the charges in question. They are accordingly pleased to~~ direct that the usual P.W. Estt., tools & plant charges for the above work be met from the funds available at the credit of the temple in question.

In the case of this institution which has sufft funds at its credit, there is no necessity for waiving the Estt, tools & Plant Charges and Govt are therefore pleased to direct that the usual Charges be paid from the funds at the credit of the institution
